

Wireless Guest Networks

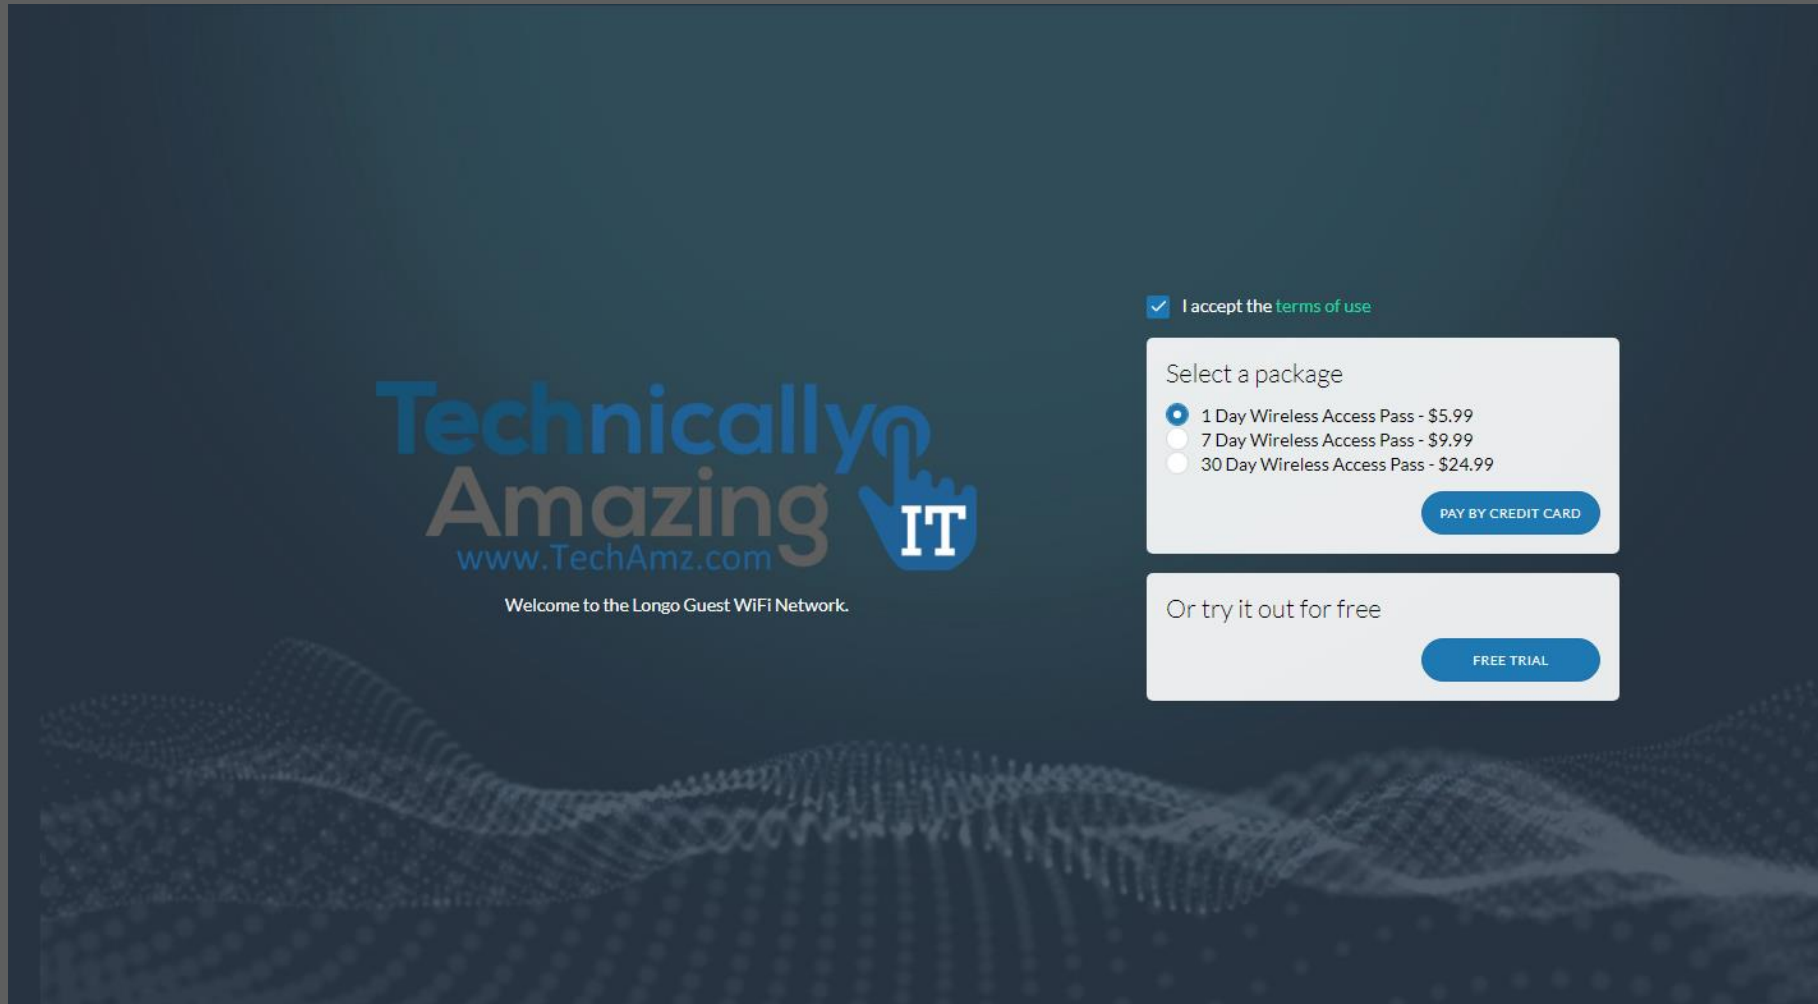

Guest Network Portal Capabilities

- Private Guest Portal
- Throttle bandwidth
- Bandwidth cap
- Access is provided per device

Guest Portal

Desktop Portal

A screenshot of the desktop version of the 'Technically Amazing IT' guest portal. The page has a dark blue background with a subtle wave pattern at the bottom. On the left, the logo 'Technically Amazing IT' is displayed in a light blue and white font, with the website 'www.TechAmz.com' below it. A welcome message 'Welcome to the Longo Guest WiFi Network.' is centered below the logo. On the right, there is a white box containing a checked checkbox for 'I accept the terms of use' and a 'Select a package' section. The package options are: '1 Day Wireless Access Pass - \$5.99' (selected), '7 Day Wireless Access Pass - \$9.99', and '30 Day Wireless Access Pass - \$24.99'. Below these is a blue button labeled 'PAY BY CREDIT CARD'. Underneath the package selection is another white box with the text 'Or try it out for free' and a blue button labeled 'FREE TRIAL'.

Mobile Portal

A screenshot of the mobile version of the 'Technically Amazing IT' guest portal. The interface is optimized for a smaller screen. At the top, the status bar shows 'Verizon LTE', '7:13 PM', and '10.11.11.101 Guest Network'. Below this is a navigation bar with a back arrow, 'Log In', and a 'Cancel' link. The main content area features the 'Technically Amazing IT' logo and the website 'www.TechAmz.com'. A welcome message 'Welcome to the Longo Guest WiFi Network.' is displayed. Below this is a checked checkbox for 'I accept the terms of use' and a 'Select a package' section. The package options are: '1 Day Wifi Access - \$5.99' (selected), '7 Day Wifi Access - \$9.99', and '30 Day Wifi Pass - \$24.99'. Below these is a blue button labeled 'PAY BY CREDIT CARD'. Underneath the package selection is another white box with the text 'Or try it out for free' and a blue button labeled 'FREE TRIAL'.

Customize your Landing Page

- Set a landing page for your Guest Wireless network, so customers connecting via the Guest Wireless network will see on a business-specified website when they open their first browser window. For example, Moe's Pizza might direct their customers to moespizza.com, which can offer social integration links and coupons.
